

# DECLARATION OF CONFORMITY

according to ISO/IEC Guide 22 and EN 45014

**Manufacturer's Name and Address:**

Intel Europe, Inc  
1515 Route 10  
Parsippany, NJ 07054  
USA

**Representative in European Union:**

Intel Corporation (UK) Ltd  
Pipers Way  
Swindon, Wiltshire SN3 1RJ  
United Kingdom

Declare that the product:

**Description:**                    **Voice Processing board with High Impedance Analog Interface**

**References:**                    **Intel® Dialogic® DM/V160LP-HiZ**

Has been tested against and found in conformity with following Standards:

**SAFETY**                            EN 60950-1: 2001

**EMC**                                EN 55022:1994 + Amendment 1:1995 - Emissions (class B)  
EN 55024:1998 – Immunity  
EN 61000-4-2:1995 - Electrostatic Discharge  
EN 61000-4-3:1996 - Radiated EM field  
EN 61000-4-4:1995 - Fast Transient/Burst  
EN 61000-4-6:1996 - Conducted RF Disturbances

**Telecommunications**    *Not applicable (see Note)*

Therefore, we declare that the above-mentioned product complies with the essential requirements of:

- the Low Voltage Directive 73/23/EEC
- the EMC Directive 89/336/EEC
- the Radio & Telecommunication Terminal Equipment (R&TTE) Directive 99/05/EC

when installed and used in accordance with the enclosed manual(s).

Note: Although the DM/V160LP-HiZ is not capable of originating or receiving PSTN calls, it has been successfully tested against the on-hook requirements of TBR 21 (January 1998 edition), in order to guarantee compatibility with the network and other Terminal Equipment connected to the same network.
