

## Reflection Questions

- How was the project successful?
- What might I do differently next time?
- How was taking on the role of a weather forecaster different from other oral presentations?
- What did I learn from doing this project that I could use on my next project?
- What did I do that challenged me?
- How did I deal with problems?
- How did I use my strengths?
- What do I understand now that I didn't understand before?
- What surprised me about working on this project?
- What do I still wonder about?
- How do I think other people involved with the project felt it went?
- How did other people help me with my project?
