

Hazardous Road Assignment

Date due: _____

You will take on the role of members of a transportation safety advocacy group.

Your task is to create and deliver a multimedia presentation to the city planners. You are proposing changes to a dangerous section of road or intersection.

Your presentation will consist of:

- 8-12 total slides
- First slide must be a title slide including all group member names
- Last slide must be a reference slide for all graphics and information used

You need to include:

- Kinematic equations that support your proposed changes
- One to three Internet links
- At least two images
- One or two transitions
- Sound is optional and may be added **ONLY** after all other work is complete

Getting started:

- Develop a rough storyboard, edit it as a group, and turn it in for approval.
- Incorporate your prior knowledge about linear motion as well as any ideas from any research articles you have read.
- Incorporate information received from your Hazardous Road Web site.
- Begin creating your multimedia presentation after your draft is approved.
- After text is approved, import clip art and images.
- After presentation is complete, optional sound may be added.

Hazardous Road Storyboard

Complete a rough sketch of how you would like to lay out your presentation.

Teacher Approval: _____
