

Presentation Checklist

Name _____

1. Our presentation provides background information about the center we worked with, including:
 - Purpose
 - Location
2. Our presentation addresses a clearly stated research question that:
 - Unifies the presentation
 - Investigates an important issue about urban wildlife
 - Includes a prediction
3. We explain where and how we gathered information by describing:
 - Resources
 - Processes
4. We analyze the question with data using:
 - Charts
 - Graphs
 - Statistics
5. We draw conclusions about the data, and we:
 - Attempt to answer the question based on data
 - Explain how data can be used
(We answer the Essential Question, *How can I help protect urban wildlife?*)
6. Our presentation is engaging and:
 - Appropriate for the audience
 - Elicits feedback and ideas
7. My slides include:
 - Appropriate amount of text on each slide
 - Appropriate font size
 - Meaningful graphics
 - Meaningful animations
 - Meaningful multimedia (such as music or video)
 - Effective slide transitions
8. I practiced presenting my slides and giving the presentation to a group.
 - Length of practiced presentation _____.
9. List the useful comments you received from viewers of your practice presentation:

10. Describe how you revised your slides to make your presentation better:
