

Slideshow Checklist

Track the Trends—Predict the Future?

Names: _____

Topic selected: _____

LAYOUT DESIGN	
	Is your slideshow easy to read?
	Is all of the space used appropriately and effectively with a suitable format?
	Do graphics/charts/tables/pictures enhance your slideshow and help tell the story?
	Is the sequence of information and slides clear and logical?

MATHEMATICS	
	Is research data given and appropriately shown in a table?
	Are mathematical terms/processes discussed and explained?
	Is the equation shown and explained?
	Is an example shown of how future predictions are calculated?
	Is there a graph of your future predictions?
	Are the implications of predicted outcomes addressed? BIG CONCEPT!

CONTENT	
	Are your ideas effectively communicated?
	Are words spelled correctly and is grammar used properly?
	Is your writing creative and engaging?
	Do you include links to appropriate outside resources?

Keep revising your project until these features are addressed thoroughly.
