

INTEL + UC BERKELEY TECHNOLOGY ENTREPRENEURSHIP CHALLENGE (IBTEC)

LEARN ABOUT THE WINNING TEAMS FROM IBTEC 2009

First-Place Winner: Ihealth Group

The winning plan featured biodegradable bone screws that can now replace metal screws in certain surgical operations.

Second-Place Winner: CaptchaAd GmbH

The second-place plan concerned an innovative Web site security technique that incorporates interactive video advertising.

Third-Place Winner: Zimplistic

The third-place plan involved a home appliance that can quickly and easily create one of the staple foods of India.
