Incorrect Attention Document included with Intel® Remote Management Module Package

*Information in this document is provided in connection with Intel products. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Intel's Terms and Conditions of Sale for such products, Intel assumes no liability whatsoever, and Intel disclaims any express or implied warranty, relating to sale and/or use of Intel products including liability or warranties relating to fitness for a particular purpose, merchantability, or infringement of any patent, copyright or other intellectual property right. Intel products are not intended for use in medical, life saving, or life sustaining applications. Intel may make changes to specifications and product descriptions at any time, without notice. The **Intel® Remote Management Module** may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.*

Products Affected

Intel® Remote Management Module
Product Code AXXRMM
Attention Document # D42339-002

Description

Early shipments of the Intel® Remote Management Module contained an incorrect Attention document (Pack Dates July 15, 2006 --> September 1, 2006). The incorrect document indicated that the Intel® Remote Management Module hardware was pre-production and for evaluation purposes only. The module included in the box is full production hardware and only the attention document is incorrect.

Root Cause

The initial factory builds of Intel® Remote Management Module were completed with an incorrect Attention document. The incorrect document part number is D42339-002. This number is located at the bottom right side of the page.

Corrective Action / Resolution

All builds of Intel® Remote Management Module with a Pack Date on the box label after September 1, 2006 will contain a corrected Attention document. The new document is D42339-003. The correct Attention document may also be downloaded from <http://support.intel.com/support/motherboards/server/sb/CS-023249.htm>
