

Addendum

IrDA

Supplement

IrDA connector

The sequence of the pin functions of the IrDA connector is now reversed. The revised information is as below. Please ignore the relevant information in the user's manual.

Pin	Function
1	VCC
2	N. C.
3	IRRX
4	GND
5	IRTX

Note:

The sequence of the functions on some IrDA cables may be reversed from the pin function defined on the system board. Make sure to connect the cable to the IrDA connector according to their pin functions.
